Cannibal

Verse 1

She ain't cold-blooded in fact she's a ani----
Has a big heart but still a fucking animal,
She's a man-eater,
Call her a cannibal,
Likes to take drugs and all that funk,
Kind of flammable,
Hangs with the girls,
She is kind of radical,
Always real never fake,
She's actually actual,
Knew her worth,
Kept her word,
She was always likeable,
Knew the snakes from the fakes
And who was actually laughable,

Chorus

She likes to take drugs and all that funk kind of flammable, (Kind of flammable, kind of flammable)
She's a man-eater call her a cannibal (a cannibal, a cannibal)
Love to call her hun,
You will run,
Kinda radical (kinda radical kinda radical)
She's a man-eater call her a cannibal (a cannibal, a cannibal)

Verse 2

She won't be confronted,
Even though she is so small,
She won't be hunted,
Even if she gets eyeballed,
The stuff that she fronted,
Leaves you amazed and in all,
She'll leave you unwanted,
Make you play hardball,

Chorus

Bridge

Man-eating cannibal,
She'll be acting casually,
You are replaceable,
Don't try and embrace it all,
Even though you are a fool,
You are impossible,
No lady fee,
No possible,
Man-eating cannibal,

If you dare touch her ball,
Someone will make that call,
I'm pretty sure they be a brawl,
You be in your blood and your jaw,
She make you look like a fool,
And that is what she has installed,

Chorus
