RESOLUTION

VERSE 1

I slept on the wrong side,

Thought I was sleeping with you,

Was a surprise

Didn’t have a clue,

Catching bad vibes

And catching cold cases,

Not the way to live

Better cover all your bases,

Outrageous,

Contagious,

CHROUS

Who’s supposed to change

Who’s supposed to change, change, (Resolution resolution)

Who next to blame

Who next to shame, shame, (Resolution resolution)

The words we exchange

Go up in flames, flames, (Resolution resolution)

Will it go estrange what will remain, main, (Resolution resolution, resolution resolution)

Verse 2

My finger’s ain’t broke but I am though,

Shldn’t put on your clothes

And look like a joke,

I didn’t go out anywhere particular,

I crept in at four

Cos I knew you were ridiculous,

CHROUS

BRIDGE

Why you wanna know what I did and what was meant for me,

Saw you on the couch in your pouch all in misery,

What’s in my head,

Too bloody much,

What’s the pollen can we solve it,

Let’s resolve it,

Tab-lets would-hold-it,

Uh huh

To the B and S.

CHROUS
