Don’t Hold Me Back

Verse 1

(Holding me back) For eternity,
Like a baby in a cot, in maternity,
(You seem to cry a lot) So go and get your rattle,
There’s gonna be a battle,
You act like cattle,
(So dream about your yacht) So just sail away,
I’ll snip your whole tail away,
I won’t fail today,
(So show me what you got) No this ain’t for you,
For the ones who made me blue,
who made me mad
And made me blue,

Chorus (X 8)
Don’t hold me back (Me back) (Back, back back)

Verse 2

(You’re holding me back) Like forever,

You’re light as a feather,

You go on clever,

(Get off my back) I’ll do it in time,

I keep it above the waist line,

Healthy like fine wine,

(All that shit is whack) There’s too much fucking flack,

You put me on the rack,

All you haters should be sacked,

(No haters sign) No I won’t play along,

To the hate

That’s just wrong,

Scrappy doo

Let me get my Gong,

Chorus (X 8)

Bridge (X 8)

Don’t hold it back,

Don’t hold it back!

Chorus (X8)
