Limbo

Verse 1

Inside it’s silent not even a sound,
Feeling lonely, feeling locked down,
I was consumed with my own thoughts,
And now they have gone and disappeared
Like ice to warts,
Thinking about my mission and should I abort,
It would set that freedom
And I would get that thought,
Trying to break the chains by the lines that I snort,
Going on missions
Which led to court,

Chorus

(Oh Oh Oh) Looking out my window,
(Oh Oh Oh) Never felt so low,
(Oh Oh Oh) Looking at the window

(Oh Oh Oooh) Feeling in limbo,

Verse 2

I think I need a huddle,
Spare me the cuddle,
Feel normal like a muggle,
Going through hoops like a chuggle,
Persecuted like a wizard,
Going through the blizzard,
They say I’m loopy La,
But fishes you can scissor
Sat in the same place I once sat,
Just without the messiness
Just a hardcore chat,
It’s funny who those call you crazy
Are the ones acting up
And acting shady,

Chorus

Bridge

Drip drops of solitude was good but it went all away,

Now it ain’t good

Now it ain’t good

People tell me I should get out more,

But tell me what am I getting out for,

Getting out for,

Nowhere to go, no one to see,

So alone how could this be,

Shadows of my past haunting me,

I feel so hated and silly,

Drip drops of solitude ain’t good,

It ain’t good,

Chorus
